Jack Pill both and the Highway bepartment took enough time off from its preoccupation with the another utility pole got chipped by a fast-moving car of chipped by a fast-moving car all of which seems to prove that signs don't mean much. The only advantage the signs have in this case is that those of us who were interested in such signs at least have done our best. The rest is up to the motoring public. The operators of that new Gulf station at the corner, ought to give their employees Hazardous Duty Pay. Working there and thinking of the effect an out-of-control car would have on a gasoline station is enough to give the average man a good-sized case of the jumping a fast-moving car enough to give the average man a good-sized case of the jumping MOUNE INCUSTY

are giving rather serious thought to the matter of parking meters. Let's hope that something is done on this subject before next summer. The meters may be a bit expensive, but they are self-liqui-dating, money-making little mon-sters. Like slot-machines, only sters. Like with morals.

s. __JP_ The pride in the Jack Pine children immoed higher than a file Helloween, when the kids cane back from Trick or Treating in town to comment that one price old lady said they were the only kids who said "thank you" when they received their treats. Parents try and try and try to insul mannexs in their kids, and yet see little or no results in the Northern Michigan has been estimated at \$15 million. The confer-Parent deep received their treats. Reing, standards and production. The dollar potential of arts, still maintees in their kids, and home industry in Northern Michigan has been estimated at \$15 million. The conference the kids a good deal if

But I guess manners weren't confined to my kids alone. Up and down the lanes and streets of our town the lanes and streets of our lar city, from the coffee bars, in the bull sessions over sales counters comes one unanimous comment. Did you notice how GOOD the kids were this Halloweep? No was something akin to an uncon-partment of Economic

Before I leave the subject of Ballowcen, I would like to pass worthwhile subject...namely the children's cottection for the United Nation's Children Fund. The purpose of this plan is for the kids, properly identified, to go from door to door at Halloween the asking for money This mon-

ty is for the Fund, to give other less-fortunate dhildren in other lands a real treat instead of for-lands a real treat instead of forgood start this year, but next year the plan should be completely or-Samzed and in full operation.
Keep it in mind. ----IP----

Well Dawson's are opened, and the morth end of town.

Marshall Motel has erected new signs at both the south and north and north and north end of town.

Marshall Motel has erected new signs at both the south and north and north and have the same tome-like atmosphere the old building had. But it takes time, the meantime, it sure is fun to look over merchandise, every lees of which is brand new. And with the south of the trim. look over merchandise, every piece of which is brand new. And to with the opening of Dawson's, the fown is back together again, the bandages off, and the patient pretty well cured.

State's Economy Linked With The Mobility Offered By Highways

Republicans are still looking for a party candidate for governor and are organizing to help re-elect

Senator Potter in the face of rug

while no one has said so specifically, Lt. Gov. Philip A. Hart

Yunker Memorials, Inc. MONUMENTS - MARKERS MAUSOLEUMS 1118 E. Mt. Hope Ave. Lansing

are now represented by MAURICE E. GORMAN

MICHIGAN'S ECONOMY IS ring during the off-year with the bigger storms due next spring and fall. LINKED to its highways.

Industry and business — the bread and butter of the state's economic life — rely heavily on mobility. Highways link Michi-gan's vacation spots with its cus-

ged competition from the Demerats. The immediate future of Mich-Democrafs are working to make further inroads on the Republican majority in the legislature and already have had a two-day doorigan's highway building program Highway Commissioner John C.
Mackie said he would commit
\$1,225,000,000 of state, Federal bell-ringing financial campaign

\$1,225,000,000 of state, Federal and local funds of a network of superhighways criss-crossing the state by 1962.

Then will start a second five-year program, then a third. In the next 25 years, roadbuilders expect to make a sizeble dent in the is the best bet to go against Potter with Gov. Williams expected to seek his sixth consecutive term. to make a sizeable dent in the \$7,000,000,000 program now need-

The only Republican to come close to announcing his candidacy to go against Williams is Rep. George Sallade (R-Ann Arbor), a Young Turk leader in the House who would like more party back-What if means to all phases of life in Michigan can be described in Mackie's own words: ing.
"You can call me a probable candidate in the primary," he said.

in Mackie's own words:

"The five-year program will link all major cities over 50,000 in population and place all counties and county seats within 30 miles of a superhighway."

He said most of the spending will be done in the most-populous areas, serving 90 per cent of the state's industry, 95 per cent of the state's agricultural areas and tourist business.

"It will go deep into the heart of the state's tourist and resort areas," he said.
What Mackie's statements mean to the state advertised as the "Water Wonderland" can be meauzed in the \$600,000,000 left in the \$600,000,000 left. sured in the \$600,000,000 left in the state by tourists last season.
First maps of Mackie's five-yea plan show a superhighway up the center of Michigan to the new Mackinac Straits Bridge and another route from Detroit to Chicago.

A third major development will

A third major development will be a superhighway running from Detroit through Lansing to Grand Rapids and on to Muskegon.

The plan looks like a tree with the main trunk running up the center of the state, with major connections making it easily accessible to all other sections of cessible to all other sections of

Mackie placed priorities on each major section to be constructed eliminating the chances of a hit and niss construction schedule.

He plans to provide bigger con tracts in an effort to speed road

Concrete suppliers already have told Mackie that there will be enough to meet the schedule if

the needs.

Mackie said he would make greater use of pre-stressed con-crete beams for the construction of bridges and grade separations, relatively new technique that i faster than the use of steel.

He estimated that the five-year program of planning can be constructed in six and a half years.

One of the more compelling reasons for speed in the program is the scheduled opening Nov. 1 of the Mackinac Straits Bridge.
The bridge, financed under a \$100,000,000 bond issue, will need traffic to retire the bonds.

traffic to retire the bonds.

One traffic expert two years ago said the existing highways leading to the bridge could not possibly carry enough traffic to make the bridge financing possible.

That's why the top priority goes for the main route to the straits.

From Washington

defense contracts, we believe, would be just what the doctor ordered for Michigan. We've set up what we hope will be a massive hypo for Michigan business,

ive hypo for Michigan business, an ambitious three-day "Business Opportunities Exhibit", opening in Port Huron this week. Uncle Sam's buying bosses will meet face-to-face with Michigan contractors, large and small, in an effort to direct a share of defense spending into the state. Rightnow Michigan is getting only 2% of the Defense budget, compared, for example, with Ohio's 5%.

FOUR FRESHMEN Congressmen who want to see our State-

FOUR FRESHMEN Congressmen who want to see our State-prosper are the principal spark-plugs behind the "Business Op-portunities Exhibit." Represent-atives Robert McIntosh of Port Huron, Charles Chamberlain of Lansing, Rebert Griffin of Trav-erse City, and William Broomfield of Royal Oak have this to say

"Thousands of items purchas

ment is buying, what it plans to buy in the future, how to be in-cluded on bidders' lists and how

DEFENSE OFFICIALS expect o profit from all this, too. By winging defense contracts into

nation's industrial mo

out their effort:

State are invited to attend, spect the exhibits, and to confer on contracts with procurement specialists from the Army, Navy, spect the exhibits, and to confer on contracts with procurement specialists from the Army, Navy, Air Force, Small Business Ad-ministration and Department of Commerce. Manufacturers will learn what the Defense Depart-ment is buying what it plans to

Hearing Consultation Centre

HELD EACH MONTH IN GRAYLING JETOW NWOTEL

THURSDAY, NOV. 14th - 10 a. m. to 5 p. m.

Come in and have your hearing tested free, also, you may ee the latest in Beltone Hearing Aids - including the Beltone Standard "Hear-N See" air conduction glasses. The all new model, plus regular type hearing aids for those people who don't

It you have a hearing aid, let us be your source of service. t unable to attend Clinic, kindly write to below-address for special home appointment.

BELTONE HEARING CENTRE

Every successful businessman and every satisfied customer recognizes the value of service, but how much it is worth in dollars and cents? It's a little bit like trying to place a value on the air we breathe, it doesn't cost us anything, but we couldn't live long with-

The Crawford County Avalanche has been rendering a service to its home community since 1878. It has, during the past 79 years, recorded the history of the growing Grayling area. It has helped to promote community activities, to recognize and support organization projects to encourage better lecal government, and to provide an outlet for individual expression. How much is this service worth to you as a citizen? Many individuals and organizations have indicated that it

While The Avalanche is basically a service organization, it is a busi-

ness too. It can not hope to keep pace with the growing community

unless it receives the active support of individual citizens, merchants

The tremendous growth in paid circulation which The Avalanche

has enjoyed during the past years is ample proof of its service and

value to the individual citizen and merchant. Remember, The Ava-

lanche is your home community newspaper . . . use it and encour-

How wuch is SERVICE Worth?

duction also tends to develop new reservoirs of defense skills. And that all-important item, the tax dollar, will unquestionably be spent more wisely when there is greater competition in bidding. Faster production and improved quality are sure to follow.

Michigan can look for a gradual expansion of her industry from within and without. Plants will begin to fulfill their capabilities and new industries should be attracted to the State. But rememtracted to the State. But remem ber, an important ingredient is aggressive action in your own community and complete coop-eration throughout the State.

Oust wishes.
CHARLES E. POTTER,
United States Senator

Crawford County Avalanche Thursday, November 7, 1957

Small Salvage!

CASH REGISTERS jingle loudly across the land, but Michigan business is ailing. While payrolls soar in other States, Michigan counts her slow business pulse and worries over rising unemployment figures. The slump— now several years old—has been blamded on everything from auto layer. offs to the weather, with most of the guilt resting squarely on a State administration which easts business in the role of whipping a fire drives you out, chances are

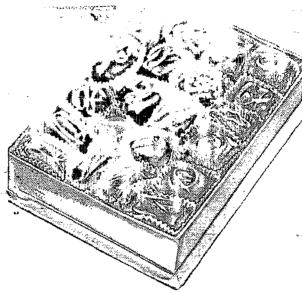

eral of us have worked ceaselessly on the problem. Whatever the reasons behind the slump, more defense contracts, we believe, up today's value of what's inside your house. Then call on us for

231 MICHIGAN AVE.

Proved and approved around the world and now it's here for you... the 58 FORD

One look talls you...there's nothing nevver in the world?

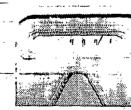

Now deep-sculptured styling New Interceptor V-8 power New Cruise-O-Matic Drive New Ford-Aire Suspension New Megic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win worldwide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan .-. . a car so rugged it proved itsamettle in a road test around the entire world! What's more, it did it on surprisingly little gas-thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

You'll be choud with Ford's now Inter-ceptor V-8 and Precision Fool Induction. There's nothing nower than these en-gines that give you up to 300 hp. Smoother power! From less goal One secret is Precision Foel Induction, a wonderful new corburetion, fuel feed-ing, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Orive teamed with the new interceptor V-8. New DT position, used for all normal driving, lets you move smoothly automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Fard-Airo Suspension. Four air pillows literally sock up the bumps! And Ford's new air suspension relevels the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices i

You'll steer with a feather touch with Ford's new Magic-Circlo Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free give you the closest thing yet to power steering! Come in and try it!

THE GOLDEN JUBILEE CAR!

It's a revolution on wheels-boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

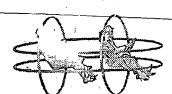

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design.
You'll find a few of these ideas illustrated here, but
even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

Ever-Level Air Ride The most perfect enoperation system ever designed and Pontiae's resolutionery Aero Frame is specifically designed for its
Air cuchions on all four whicels literally float you over the ... hap the car perfectly level regardless of load or road!

Aero-Frame STABILITY Here is the biggest backs construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the

Grayling, Michigan, Thursday, November 7, 1957

Let's Stop Inflation

With the 1958 elections bringing up for re-election every member of the U.S. House of representatives, together with one-third of the U.S. Senate now is the time for the people of the United States to stop inflation.

that is now going on.

present time, Sputnik not excepted. A three step pro- taxpayers. gram could bottle that enemy up. Step one, stop all unthree, reduce worker's income taxes.

Although the Federal government expects to collect \$86 billion in Federal taxes from the American taxpayplanned to be applied to the retirement of the Federal debt. Billions of dollars worth of outstanding Federal notes and securities will fall due during fiscal 1958 but our Government has as yet no plans to pay off any of these obligations with even a small part of the billions they will then be raking in from the harried American taxpaver. Interest on the National Debt is now rush-

ing toward a peak of 7.4 billion dollars per year.

gether with one-third of the U.S. Senate now is the time for the people of the United States to stop inflation.

Let your Representative and Senator know that you will not stand for more increases in Federal spending or even put up with all of the unnecessary spending that is now going on.

Inflation is our country's number one enemy at the limited states and an across-the-board tax reduction for all British limited States and Mr. and Mrs. T. P. Peterson and family enjoyed a weekend visit in Detroit, guests of Dr. and Mrs. Alfred LaBine.

Emil Niederer was in Detroit last Tuesday and Wednesday on our 1946 four and one-half billion dollar gift-loan to that Government. With this windfall, the British Government is now able to announce a budget surplus and an across-the-board tax reduction for all British of the united States of Dr. and Mrs. Alfred LaBine.

Emil Niederer was in Detroit guests of Dr. and Mrs. Alfred LaBine.

Emil Niederer was in Detroit states to the United States on our 1946 four and one-half billion dollar gift-loan by the brighted LaBine.

Emil Niederer was in Detroit last function pour business. He was accompanied by this brother Fred Niederer and Government is now able to announce a budget surplus and an across-the-board tax reduction for all British will not stand for more increases in Federal spending on our 1946 four and one-half billion dollar gift-loan or even put up with all of the unnecessary spending to that Government. With this windfall, the British Inflation is our country's number one enemy at the and an across-the-board tax reduction for all British

This is the second time that the generosity of our necessary spending; two, reduce the Federal debt and Government has been turned into a reduction of British taxes at the expense of the unrelieved American taxpayer. In the same spirit, our Federal Government has applied \$300-million of the American Taxpayers' er during the coming fiscal year, not one thin dime is money to the reduction of the National Debt of Norway, and another \$100-million to the reduction of the National Debt of Denmark.

Every American worker (union and non-union) could have an 18 per cent increase in take-home-pay which could be accomplished by abolishing Federal Income Taxes as now applied to workers.

A little prudency on the part of our Federal Government could easily make this pay raise available to you. Demand from your Representative and Senator that this be done . . . and quick.

oxes were very beautiful and

cleverly trimmed. All report a good time besides netting the Grange a neat little sum.
